

Anselm Mba

Group Chief Technology Officer

Lagos, Nigeria

[linkedin.com/in/anselmmba](https://www.linkedin.com/in/anselmmba)

AWS Ambassador · CTO Academy Alumni

PROFESSIONAL SUMMARY

Accomplished technology executive with 10+ years spanning hands-on engineering and C-suite leadership. Proven track record of driving digital transformation across FMCG, fintech, and logistics in West Africa. Expert at translating technology investment into business outcomes — from architecting scalable platforms to building and leading high-performance teams.

PROFESSIONAL EXPERIENCE

Chief Technology Officer *May 2025 – Present*
ORBIT Technology Inc. · USA (Remote)

- Define and execute company-wide technology strategy across a diversified FMCG portfolio spanning pharmaceuticals, personal care, food, and distribution.
- Drive end-to-end digital transformation across manufacturing, supply chain, and retail operations.
- Architect scalable systems supporting large-scale distribution and retail networks across West Africa.
- Lead cross-functional engineering, infrastructure, and data teams aligned with business growth objectives.

CTO – GIGX (Cross-Border Payments) *Sep 2023 – May 2025*

The GIG Group · Nigeria

- Led engineering for GIGX, a cross-border payments platform enabling multi-currency transactions across Africa.
- Architected robust systems for payments, settlements, and financial integrations, enhancing operational efficiency.
- Built scalable backend services improving transaction reliability and system performance at scale.

CTO – Stellas Bank (Fintech Subsidiary) *May 2021 – Sep 2023*

The GIG Group · Nigeria

- Owned full technology strategy and execution for Stellas Bank, a licensed fintech subsidiary of The GIG Group.

- Digital Transformation
- Team Building
- IT Governance
- Cross-functional Leadership

Engineering

- Scalable Systems Architecture
- API Design & Microservices
- Fintech & Payments Platforms
- Cloud Infrastructure (AWS)
- PHP / Laravel
- MongoDB
- Geospatial APIs
- Agile / Scrum

EDUCATION

Digital MBA for Technology Leaders

CTO Academy · 2023

B.Sc. Computer Science

Lagos State University of Science and Technology

VOLUNTEERING

Technical Mentor

2023 – 2024

AltSchool

Mentoring aspiring engineers and new graduates entering the industry.

Startup Advocate

2022 – 2023

AWS Fellowship

Advising startups on cloud strategy, budgeting, and scalable architecture.

PUBLICATIONS

Store Arrays to SQL Using JSON and CASTS

Level Up Coding · Medium · 2023

Practical guide on managing object data structures in Laravel SQL databases.

- Built and scaled backend systems for secure, high-volume financial transactions and customer-facing APIs.
- Designed service architecture ensuring regulatory compliance, security, and enhanced user experience.

Lead Engineer – GIG Mobility *Nov 2020 – May 2021*

The GIG Group · Nigeria

- Led backend engineering for logistics and mobility systems ensuring efficient and reliable operations.
- Developed geospatial solutions using Google Maps APIs to improve routing and user experience.
- Collaborated with offshore teams to deliver innovative transport solutions and optimized workflows.

Senior Software Engineer *Aug 2019 – Nov 2020*

Intelligent Innovations Co. · Nigeria

- Designed innovative software solutions and implemented robust server-side logic in the core engineering team.
- Enhanced enterprise software capabilities improving functionality and end-user experience across products.

Software Engineer *Jul 2016 – Jul 2019*

Cousant Connect · Lagos, Nigeria

- Developed scalable, automated solutions tailored to diverse customer needs across multiple verticals.
- Extended and maintained software systems to meet evolving demands of key user demographics.

KEY ACHIEVEMENTS

Business Generation

- Diversified the company's technology offering from a single product to 4 revenue-generating products.
- Exceeded product adoption targets by 90% through disciplined strategy and execution.
- Revived a failing product into profitability through smart technology decisions and steep cost reductions.

Global Impact

- Global AWS Ambassador — driving innovation and product architecture for startups across Sub-Saharan Africa.
